gimli	103 : LAN Admins ASIAPAC			Yes				
legolas	103 : LAN Admins ASIAPAC			Yes				
Saruman	99 : LAN Admin Super		Yes		Yes	Yes		

**Notes:**

This report lists only those users for which there are one or more TACACS+ device admin (TDA) related settings configured with a value other than "as per group". If a user is not listed it means all their TDA settings are inherited via group membership

The aim is to provide an "at a glance" view of the ACS users who have settings configured to override the group policy.
